Customize Height for Overall Comfort

The 3M Extra-Wide Adjustable Monitor Stand is an office solution that helps you customize your workstation. Platform measures 20 inches by 12 inches by .875 inches and sports a contemporary black design with silver columns. This plastic stand supports monitors, printers, and other electronics that weigh up to 40 pounds.

3M Extra-Wide Adjustable Monitor Stand (MS90B) Raises monitor from 1" to 5-7/8" in increments of 1-5/8". Changing the angle at which you view your monitor can reduce the aches and pains associated with long hours spent staring at a screen. This stand features stackable columns that can raise devices up to 5-7/8 inches off the desk surface. Three height settings with 1-5/8-inch increments allow you to find the ideal height to comfortably view your monitor.

Maximize Desk Space

Ideal in cramped desk stations, the 3M Extra-Wide Adjustable Monitor Stand lets you expand your work area upward instead of outward, maximizing your work space. With 16 inches of clearance between the stackable columns, this extra-wide stand has ample room to fit devices under the platform. This storage space is ideal for laptops, creating space for paper beneath a printer, storing a receiver beneath a television, and countless other practical home and office applications.

A non-skid column base helps ensure that the monitor stand stays firmly in place while your device rests on the platform.
