Marine Sealing

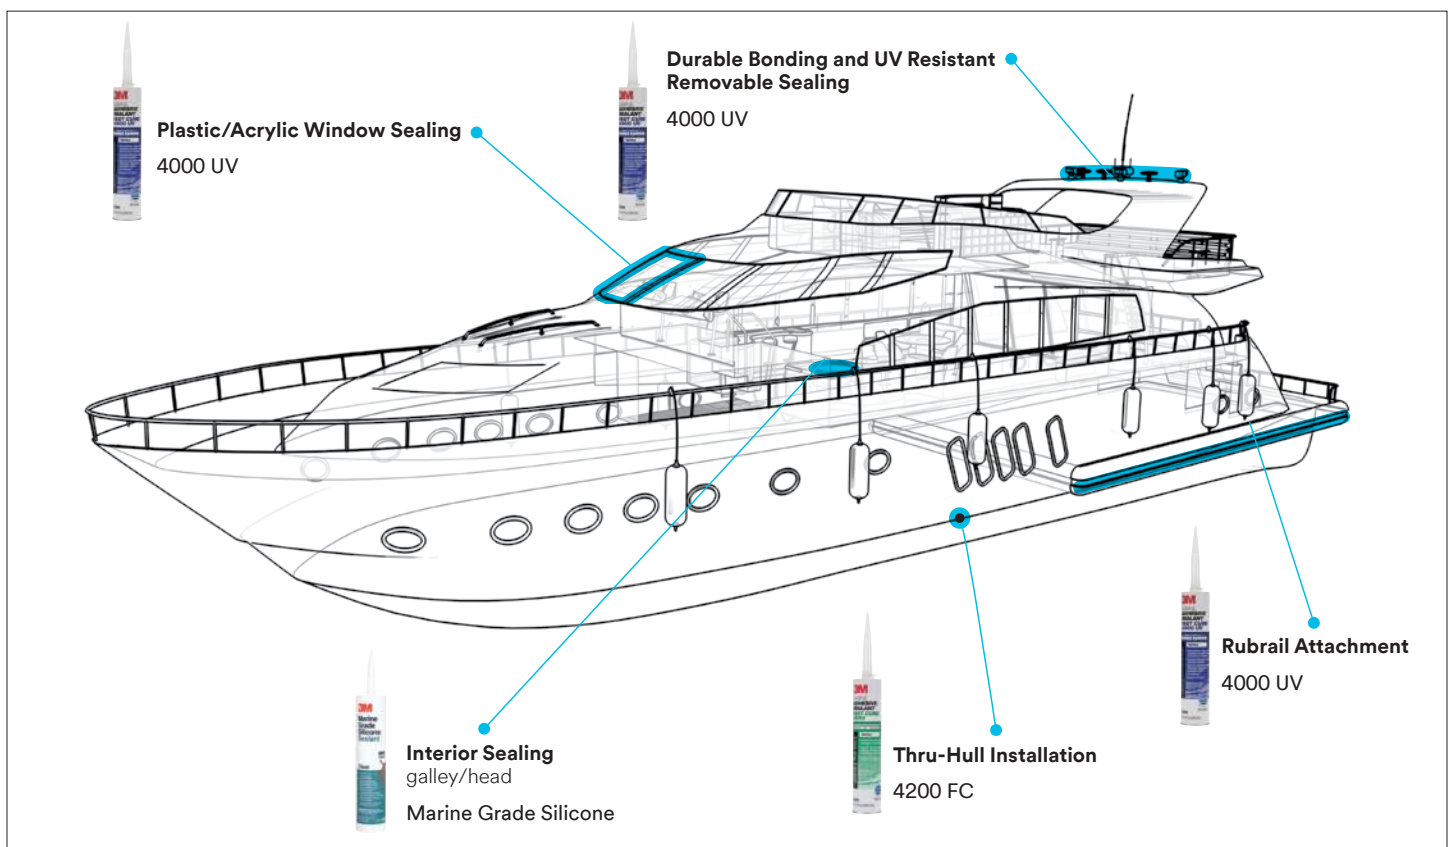

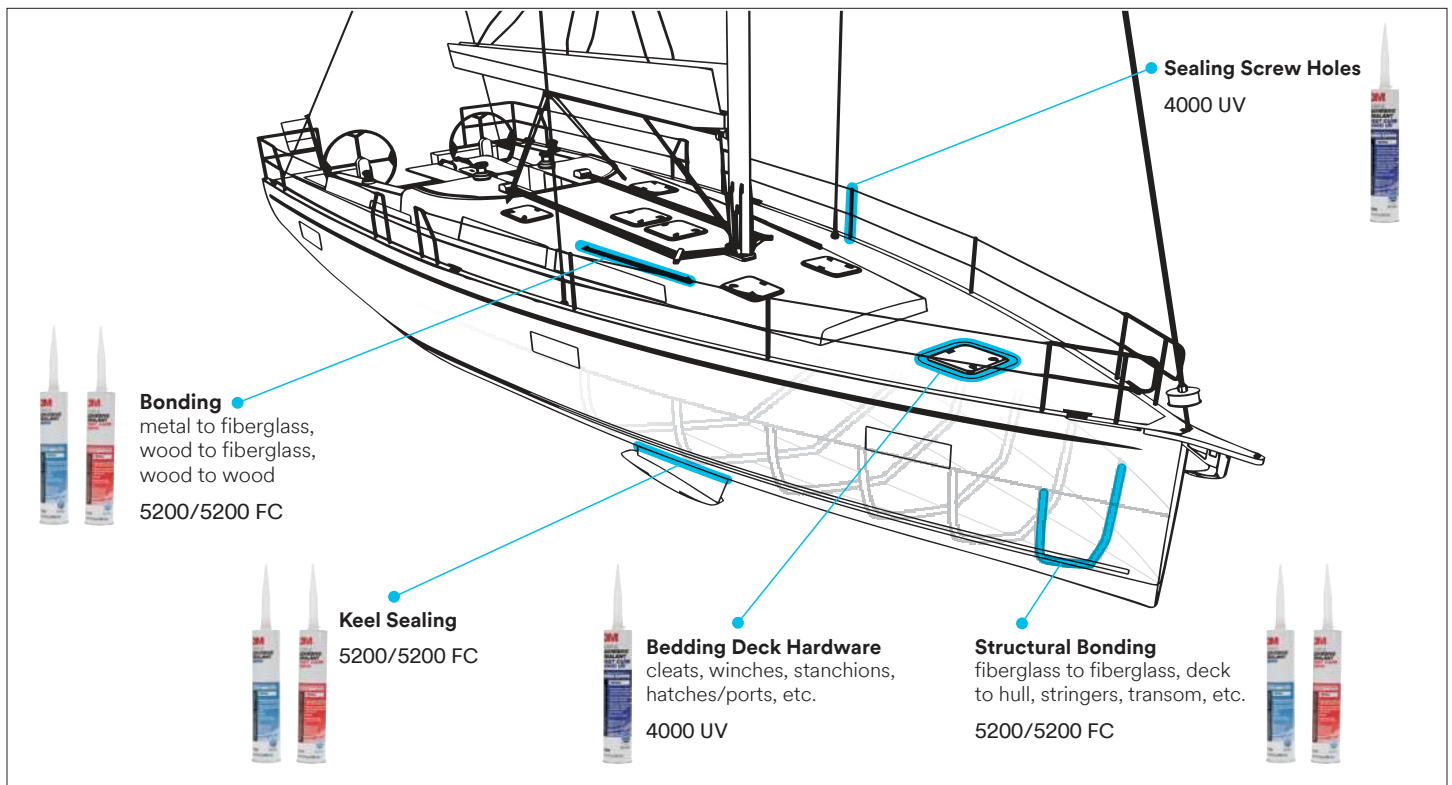

Whether you're boatbuilding, maintaining a fleet or repairing a single watercraft, you expect your adhesive sealants to create watertight seals. But the right ones will do much more. They will resist weathering, shock, vibration, swelling and shrinkage over time. It also means they will earn your trust. We have spent more than 50 years developing marine sealant and adhesive solutions, and proving them in a vast variety of applications. Explore how we can help keep you afloat, today and for years to come.

Engineered for peak performance.

3M™ PPS™ Series 2.0 is our most advanced Spray Cup System.
It's packed with features to help you perfect your paint jobs.

Domed Lid with Full-Diameter Filter.

More paint below the filter improves flow and consistency, while reducing spitting from start to finish.

New Cup in Every Lid and Liner Kit

Start with a clean cup more often, reducing paint build-up. On-cup ratios and fill markings eliminate traditional mixing cups.

Sealing Plug Included

Allows you to seal and protect coatings upside down with greater stability when not in use. Use fewer lids by keeping filters wet.

1 Wide Spout Adapter with Four-Point Connection

Maximizes stability while spraying. Makes cleaning easier.

2 Quarter-Turn Lid Locking System

Comes with every lid. Stays cleaner. Locks faster. Fewer parts to keep track of.

Access Window

Allows painter to hold the liner for cleaner, easier lid removal when refilling. Also easier to check paint levels.

3M™ PPS™ 2.0 System

3M Marine Boat Cleaning System

Make the “new look” last. 3M Marine boat maintenance products are designed to simplify some of your most difficult cleaning applications. Easily and effectively remove dirt, grime, algae, oil, fish blood, waterline stains, mildew and black streaks from your boat’s surface. Products are safe for use on fiberglass, metal and painted surfaces.

Boat Cleaning		UPC	Part #	Size	Qty/Box	Description
	3M™ Sharpshooter™ Extra Strength No-Rinse Mark Remover	50048011193446	19344	1 Quart	12/Box	No rinse formula cleaner for quick, easy removal of soil and grease from almost any washable hard surface. This powerful ready-to-use cleaner penetrates and loosens buildup quickly.
		50048011137020	13702	5 Gallon	1/Box	
	3M™ Marine Non-Skid Cleaner	00051131090637	09063	33-4/5 fl. oz.	6/Box	Use for cleaning ground-in dirt and stains on non-skid areas — the textured surfaces on boats where dirt and grime can settle and become very difficult to remove. Easy-to-use cleaner simply pours on, brushes in and rinses off. Safe for fiberglass, gelcoat, metal and painted surfaces.
	3M™ Marine Black Streak Remover	00051131090477	09047	16-9/10 fl. oz.	6/Box	Specially formulated to instantly remove difficult black streaks with minimal time and effort from your boat caused by water runoff, bumpers, shoe treads and more. Though it's tough on streaks, the remover is safe for fiberglass, metal and painted surfaces.
	3M™ Mildew Remover	00051131090675	09067	16-9/10 fl. oz.	6/Box	3M Marine Mildew Remover quickly removes mildew stains on vinyl, covers, cushions and other marine surfaces. Spray and wipe formula requires minimal scrubbing. Follow-up with 3M Marine Mildew Block for long-lasting protection.
	3M™ Marine Aluminum Restorer and Polish	00051131090200	09020	18 oz.	6/Box	Use this product to restore the beauty and pride of ownership in your boat. Our product comes in a concentrated formula so a small amount provides a lot of restoration and polishing.

Boat Cleaning	UPC	Part #	Size	Qty/Box	Description
 3M™ General Purpose Adhesive Cleaner	00051135089873	08987	15 oz. Net. Wt.	12/Box	Makes the job of removing adhesive residue an easier task. More effective than plain water, our solvent works by softening sticky substances that are often stubborn to remove. It penetrates into sticky residue, allowing you to wipe it away with greater ease. What's left behind is a clean surface free of film or stickiness.
	00051135089842	08984	32 fl. oz.	6/Box	
 3M™ Specialty Adhesive Remover	00051135389874	38987	15 fl. oz.	6/Box	Versatile application: Removes reactive adhesives from a variety of substrates; reactive adhesives include adhesives that require a hardener or catalyst in order for the bond to occur, such as epoxies, urethanes, and silicones. Easy to use: Spray-on delivery optimizes coverage and application versatility. Residue-free finish: Specially engineered for added ease during the removal of residue. Solvent based: A strong, solvent-based formula acts fast on stubborn adhesives.

Spill Management

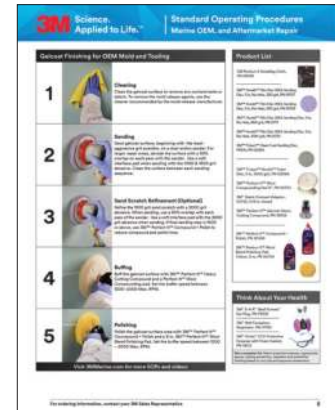

for control and cleanup of petroleum-based fluids.

3M™ Oil and Petroleum Sorbents are ideal for absorbing oil from areas where water may also be present — including outdoor locations like ditches, streams, rivers, lakes, and terminal docks and piers. They are designed to not disintegrate or sink, even when saturated with oil, and are easy to dispose of. Multiple formats allow for control, cleanup and recovery of petroleum-based liquids in and around your shop.

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product in accordance with all applicable instructions and with appropriate safety equipment, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property.

Warranty, Limited Remedy, and Disclaimer: Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement or repair of the 3M product or refund of the purchase price. Warranty claims must be made within one (1) year from the date of 3M's shipment.

Limitation of Liability: Except for the limited remedy stated above, and except to the extent prohibited by applicable law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.

Disclaimer: 3M industrial and occupational products are intended, labeled, and packaged for sale to trained industrial and occupational customers for workplace use. Unless specifically stated otherwise on the applicable product packaging or literature, these products are not intended, labeled, or packaged for sale to or use by consumers (e.g., for home, personal, primary or secondary school, recreational/sporting, or other uses not described in the applicable product packaging or literature), and must be selected and used in compliance with applicable health and safety regulations and standards (e.g., U.S. OSHA, ANSI), as well as all product literature, user instructions, warnings, and limitations, and the user must take any action required under any recall, field action or other product use notice. Misuse of 3M industrial and occupational products may result in injury, sickness, or death. For help with product selection and use, consult your on-site safety professional, industrial hygienist, or other subject matter expert. For additional product information, visit 3M.com.
