

200' Yellow Barricade Tape

Warn others of possible safety hazards on your job site and help prevent unauthorized personnel from entering possibly dangerous locations using the Empire® Level 200-Foot x 3-Inch Caution Cuidado Barricade Tape. This tape stands up to job site conditions and is 2.0-millimeters thick for durability. The Empire Level 200-foot x 3-inch caution barricade tape features plastic construction that helps ensure it remains robust and pliant in various weather conditions, like wind, snow and rain. Due to the thick plastic, the tape is reusable as well for your convenience. For safety, the pigments and inks used are unleaded. To help make the 3-inch high Empire Level durable plastic tape's message as visible as possible to those who might want to enter your job site, the lettering is in black print on a bright yellow background.
