

# V-Gard® GREEN Hard Hats

Technical Specifications for Cap and Full-Brim Styles

The MSA V-Gard Helmet, with its distinctive trademark "V" design, is a world-recognized brand known for comfort, quality and durability. Innovative V-Gard GREEN Helmets carry on the tradition of excellence, offering the same levels of protection, as well as the benefit of helping the planet!

## Features

- Made of green high-density polyethylene (GHDPE), a plant-derived plastic that has the benefit of cutting carbon emissions and reducing atmospheric CO<sub>2</sub>
- Fas-Trac® III Suspension is the most comfortable on the market—preferred by 92% of users
- Certified USDA Biobased (95% biobased shell)

## Markets

Any market seeking "green" solutions, including:

- General industry and manufacturing
- Electric/utilities
- Construction

## Customization

- 27+ factory-applied reflective or retro-reflective stripes
- Multiple printing services: one-color logo to digital photos; up to four locations

## Care & Maintenance

- Clean hard hat assembly regularly with MSA's Confidence Plus Cleaning Solution (P/Ns 10009971 or 10032737) or mild soap (no detergents) and warm water
- Do not throw, drop, use as support or abuse helmet to ensure proper working condition
- Store hard hat in clean, dry environment, <49°C (120°F)

## Service Life Guidelines

- V-Gard GREEN Hard Hats are made with high-quality, wear-resistant materials
- Inspect the helmet before and after each use and replace any part(s) as required
- Always replace the helmet after it has withstood an impact or penetration. MSA recommends:
  - replacing the suspension after no more than 12 months of use
  - replacing the shell after no more than five (5) years of use
- Storage life is 2 years from date of manufacture when stored as directed
- Please consult user instructions for additional details
