

ITEM# TBM14RMC

**14oz Ti-Bone Mini Milled Face/16”  
Curved Handle Hammer**

The Stiletto TBM14RMC is a 14 oz. Ti-Bone Milled Face Hammer with 15.25 in. Curved Handle. The Hammer has a Patented Side Nail Puller that eases 16-piece nails out with one 180 motion and Stiletto's signature Magnetic Nail Starter. The TBM14RMC has the comparable striking force of 24 oz. Steel hammer and is Recommended for Pole barn, Concrete, Framing and Remodeling. Stiletto Tool Company has been synonymous with high quality hand tools dating back to 1849. With its long history and strong reputation, the brand has evolved into the modern day standard for innovative, lightweight, ergonomic, productive, and professional tools. We set the standard with our line of premium titanium hand tools that span numerous trades such as framing, remodeling, finish work, siding, demolition, concrete, and drywall. Titanium is 45% lighter weight while providing the same striking force and strength as steel. Titanium tools also produce 10 times less recoil shock which helps reduce carpal tunnel syndrome. The combination of these features means less down time, more productivity, and most importantly less pain while working.
